

Introduction

Our firm, StrongBox Wealth, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Investment Management, Comprehensive Wealth Management, and Financial Planning & Consulting to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually and, if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or only after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm. We do not restrict our advice to limited types of products or investments. Our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

Financial Planning & Consulting is included in our Comprehensive Wealth Management service for no additional fee. Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

Additional information about our advisory services is in Item 4 of our Firm Brochure which is available online at https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=621795

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the assets in your account. Our maximum Investment Management annual fee is 1.25%. Our maximum Comprehensive Wealth Management annual fee is 1.50%. In general, the more assets you have in your advisory accounts the more you will pay us in dollar value. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Often the more assets you have with us, the lower fee percentage you will be charged. We have an incentive to grow the assets in your advisory accounts which equates to paying us more in dollar terms, even as the percent fee assessed decreases. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deduct our fees from your advisory account.

Our maximum flat fee is \$25,000 and/or maximum hourly rate is \$500 for our Financial Planning & Consulting service. Fee paying arrangements are determined on a case-by-case basis.

The custodian that holds your assets may charge you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Investment Management and Comprehensive Wealth Management services. You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, exchange traded funds, and variable annuities, charge additional product-level fees that will reduce the value of your investments over time. You may pay commissions or service fees imposed by our broker-dealer for holding and maintaining investments for certain accounts such as 529 Plans and variable annuities. In addition, you may have to pay fees such as "surrender charges" to sell variable annuities.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is in Item 5 of our Firm Brochure which is available online at https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=621795

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means: The most important obligation we have is to act in your best interest. When we act as your investment adviser, we have a fiduciary duty, which means we are legally required to put your best interests ahead of our own.

Our firm's financial professionals are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), an unaffiliated broker-dealer. Your financial professional may offer you brokerage services through PKS or advisory services through our firm. Brokerage and advisory services are different, and the fees our firm and PKS charge for those services are different. Registered representatives charge a transaction-based commission each time they buy or sell a security in a brokerage account. As a result, they have an incentive to trade as much as possible in order to increase their compensation. You can learn more about PKS's brokerage services and fees at <https://www.pksinvest.com/>.

Our firm's financial professionals include licensed insurance agents who sell insurance products for a commission and have an incentive to recommend insurance products to you in order to increase their compensation.

Our firm has entered into an agreement with Dynasty Capital Strategies, LLC, a wholly-owned subsidiary of Dynasty and an affiliate of Dynasty Wealth Management, LLC (collectively "Dynasty"), a registered investment adviser, to pay Dynasty an interest in return for a fixed amount of funds payable over an agreed time frame. Such funds may be used for business transition expenses and other costs associated with launching operations and for business expansion. Our firm is not obligated to enter into such a note in order to obtain these services from Dynasty. However, such notes are only made available for advisers who remain in the Dynasty Network of registered investment advisers. In addition, Dynasty provides a variety of back office support to our firm including operational, technological, and compliance support for which we pay them a portion of our gross advisory fees.

Additional information about our conflicts of interest is in Item 10 of our Firm Brochure which is available online at https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=621795

How do your financial professionals make money?

When acting in an advisory capacity our financial professionals are compensated based on the revenue our firm earns from their advisory services, the amount of client assets they service, and the time and complexity required to meet a client's needs. When advising in a brokerage capacity, they are compensated based on the type of product sold and/or product sales commissions. Charles Schwab and Co. provided our firm financial transition assistance which has been used for marketing and consulting services.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit www.investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
